## IT'S THE SMILES OF THE CHILDREN ...

Staff have always sung, "It's the smiles of the children that make the ole camp go, it's the laughter ringing in our ears....."

These words are true and are proven daily at camp in many ways. The young men and women that spend the summer making these smiles can only do it with your help. They are just part of the team we call **Team Louisiana.**

## PROGRAMS OFFERED

Summer at Lions Camp kicks off with a one week program for youth with various Pulmonary disorders. This is a long standing collaboration between the Lions of Louisiana and the Louisiana Pulmonary Disease Camp which is all known as Louisiana Lions, LPDCI, Camp Pelican. Because of the design of our facility and living quarters, these youngsters are able to enjoy a week of camp.

Two weeks follow for youngsters with mild-moderate mental challenges and these weeks are followed by fun in the sun for Louisiana youth with various physical challenges including orthopedic, visual, and hearing impairments.

Since the late 70's, the Lions of Louisiana and the American Diabetes Association have worked hand in hand to educate the youth of our state who have diabetes. This extremely successful program teaches the youngsters all they need to know about their diabetes and packs a very busy week of fun alongside. Victories for our kids come daily!
